

**N21 (R300) ENVIRONMENTAL IMPACT ASSESSMENT PHASE:  
OPEN HOUSE 2: MITCHELL'S PLAIN  
I&AP COMMENTS**

DATE RECEIVED	SECTOR	SURNAME	NAME/ INITIAL	ORGANISATION	COMMENT
9/09/02	1/5	Van Zyl	F G	Master Organics	As owner of 1149/3. I would object to agricultural access culvert on eastern side of Erf 1378. would increase crime. Would increase crime. Would ask planning authorities to reconsider this access. (Re discussions with C Manchip).
		Bux	H	Hanover Park Residents' Association	<ol style="list-style-type: none"> <li>1) Disappointed in the crowd turn out.</li> <li>2) I feel that the Open House has not been well advertised.</li> <li>3) Let the people know how it is going to affect their pockets. Please arrange a more acceptable venue.</li> </ol>
		Oertel	C		I object strongly to Sector 1: Since the prevailing wind (SE) will blow directly onto my property from the road, I will have air and noise pollution. For health reasons, I will be forced to move to another area. I demand to be compensated for this inconvenience and loss of property value.
		Davidoff	Sue		I want to register my strong opposition to the conception (and building!) of the toll road; to the terrible ignorance and disregard that it displays for our delicate and most tenuous ecological heritage; how it cuts into a sense of acceptance of the loss of the wholeness of our environment, and gives in to the public demands for more asphalt and fewer plants - all in the name of 'progress'. At this time, when we are faced with such a bleak picture of our future, where environmental considerations seem to be of prime importance in terms of sustaining a future for our beautiful city, it is quite unthinkable that such environmental degradation could be considered. Please add my voice to those resisting the building of

					the toll road, and feel free to contact me for issues related to this.
